Your first Appointment is on at

First Appointment Information

We would like to welcome you to our practice. Please find enclosed an appointment for your first consultation, a map which should help you to find us, and a **Medical Questionnaire which you should complete and bring with you. THIS APPOINTMENT NEEDS TO BE CONFIRMED BY YOU AS SOON AS POSSIBLE BEFORE THE APPOINTMENT DATE, OTHERWISE IT WILL BE ALLOCATED TO ANOTHER PERSON ON OUR WAITING LIST**; please do not attend unless you have confirmed your appointment by telephone, letter or email.

At your first appointment we will perform a thorough examination of your teeth and jaws. Radiographs (X-rays) are commonly taken during which your earrings will need to be removed, together with impressions of your teeth, and photographs where required. These investigations will allow us to diagnose any orthodontic problems and provide you with a treatment plan.

Your consultation will be provided under a NHS contract. If you have qualified for NHS treatment, and you wish to proceed, arrangements will be made to start as soon after the initial consultation as possible. If you do not qualify for NHS treatment you can be seen for private treatment in our **Crocodile** clinic next door

If you are not ready for treatment, a review appointment will be offered and the start of treatment delayed until the appropriate time.

It should be noted that treatment can only be considered in patients with excellent oral hygiene and in patients who are prepared to comply with, what is often, a long course of treatment. It is also important to point out that we do not have any disabled access on to our clinical space.

Car parking is clearly marked on entering Earlswood Road, but **NOT GUARANTEED** – please follow the green arrows and park in the green cross-hatched areas at the far end of our units. Reception is located on the ground floor. We look forward to seeing you. We would be grateful if our visitors could avoid parking in other maintained parking spaces.

How to find us

From the roundabout at the intersection of Beulah, Caerphilly and Ty Glas Roads, travel east along Ty Glas Road, passing Morrisons Supermarket on the right hand side. Proceed along Ty Glas Road through the first set of traffic lights, passing the tax office on the right and continue through the next set of lights, avoiding the first filter lane right. Instead, proceed down the straight of Ty Glas Avenue past Marks and Spencer and into the next right filter lane, which is the second entrance to Parc Ty Glas. Earlswood Road can then be entered on the left. The North Cardiff Orthodontic Centre is located in Unit 7.
